

XIII International Rice Conference for Latin America and the Caribbean

Alejandra Billiris
Speaker

Topic:

**"Improvement and optimization of
post-harvest processes in rice"**

***Food Engineer. Ph.D. in Food
Science and Technology***

Her area of expertise is rice industrialization. Currently she works as researcher at Latitud, Foundation of the Laboratorio Tecnológico del Uruguay (LATU). She coordinates the following lines of research: the improvement and optimization of rice industrialization processes and the evaluation of the quality profile of rice cultivars in order to contribute to Breeding Programs.
