

XIII International Rice Conference for Latin America and the Caribbean

María F. Álvarez
Speaker

Topic:

"Current status of biotechnology in the
rice breeding program at CIAT"

***Biologist with PhD. in Genetics
and Plant Breeding***

Molecular breeder from the Hybrid Rice for Latin America consortium (HIAAL, by its acronym in Spanish).

Within the HIAAL, she implemented the use of different biotechnological tools (molecular markers, gene mapping, another culture to produce double haploid and CRISPR) in the breeding program and for hybrid seed production.
